GAIN OF OVER \$20,000

WORK OF THE JOINT WEIGHING AND INSPECTION BUREAU.

Inspector Eckmann's Report for May -Western Excursion Ticket Trouble Not Yet Adjusted.

J. B. Eckmann, district inspector of the Joint Weighing and Inspection Bureau, yesterday sent his statement of the business of the month of May to Chief Inspector Rainer, at Chicago. The gains in revenue from the weighing and inspection of freights at Indianapolis were \$8,698.40; at Terre Haute, \$3,566.11; at Vincennes, \$617.04; at Evansville, \$2,975.06; at Louisville, \$5,073.86; a total at the five points of \$20,930.47. No branch of railway service yields better returns on expense of operation than does

No Action Taken.

The advisory committee of the clearing house of the Western Passenger Association held a treeting at Chicago, yesterday, to see if the extension of time limits on excursion tickets could not be arranged with the understanding that all of the roads should ignore the attitude of the Atchison. neeting came to nothing, as the Union acific would agree to nothing unless the tchison was willing to abide by the same arrangements as the association lines. It is probable that another meeting will be held in a short time to renew the attempt for an extension of the tickets.

Personal, Local and General Notes. On July 1 C. T. Morel will become con-oller of the Plant system of roads in Flor-

To-morrow Col. I. M. Martin will succeed E. C. McNeil as general manager of the Iowa Central.

Dr. W. S. Campbell, of West Point, Ind., has patented an automatic railroad switch which, it is said, has merit. J. A. Barnard, general manager of the Peorla & Eastern, will return from his Eastern pleasure trip on Sunday.

The present management of the Evans-ville & Terre Haute, during the dull times, is pushing improvements, and will before the season closes have the roadbed of this line in excellent physical condition. Many of the bridges and trestles are fast being

The Louisville, New Albany & Chicago earned in the third week of June \$54,709, a & Western earned in the third week \$55,604. a decrease this year, which was mostly in passenger earnings, of \$12,373.

The Burlington road was operated during May at a net loss of \$19,480, against net earnings of \$286,503 for the same month of last year, making a total decrease of earnings, as compared with 1893, of \$305,983. From Jan. 1 of the current year to June 1 the decrease of net earnings has been \$131,425.

There is excellent authority for stating that the higher officials of the Chicago & Eastern Illinois will, on Aug. 1, restore the old scale of pay to its trainmen. The com-pany feels that it is but justice to restore their pay as soon as the earnings will justify it. The only thing which may delay the restoration is the unfortunate Pullman strike, which may, before through with, af-fect the Chicago & Eastern Illinois.

At a meeting of the executive committee of the Trunk-line Association, yesterday, senger business was discussed. Those present finally agreed to submit the matter to the final arbitration of Commissioner Goddard. The following roads were represented: The Ontario & Western, the New York Central, the Pennsylvania, the Lehigh Val-ley, the New Jersey Central, the Baltimore & Ohio, the Erie and the West Shore. The Pennsylvania on Wednesday ran the

first of the luxurious special trains for the accommodation of travelers to Europe from Philadelphia to New York, in the interests of the American line and the Red Star steamers. The train was put on at the suggestion of Assistant Passenger Agent loyd, and promises to be a success. The first train of this character took one hundred Philadelphians and two hundred of their friends from Broad-street Station, Philadelphia, to Jersey City.

PARK AT GREENLAWN

MAYOR'S CABINET ORDERS VAULTS TORN DOWN AND FENCE REMOVED.

Graves Are to Be Leveled-Workhouse Prisoners on the Dyke-Al-

abama-Street Resolution.

Mayor Denny invited his cabinet to hold its monthly meeting at his cool place on North Pennsylvania street last night instead of the sweltering offices in the courthouse basement. All the members, except Controller Trusler, who is in New York, were present, and Superintendent of Police Powell, City Engineer Brown and Police Surgeon Kahlo attended on invitation. The Greenlawn Cemetery matter was first considered. After Dr. Earp had made a report of its condition, it was shown that the lower part of the cemetery, which bordered close on the river bank, was a rendezvous for thieves and improper characters. The report of the deplorable condition existing in the vaults at Greenlawn were first published in the Journal some time ago. The cabinet concluded to order the Board of Works to tear down the fence which the city built around the cemetery and to employ two extra men to cut out the underbrush, clean the place and reduce the graves to a level with the ground. All the tombstones are to be laid flat on the graves and the fetid vaults, now filled with decaying bodies of unknown people, are to be torn down. The Board of Health was instructed to require these vault owners to bury the bodies at once. It is expected that all this work can be accomplished within two months, and by that time the people in the southwestern part of the city will have a breathing spot, the city converting the place into as close an approach to a park as is possible, considering the disputed question of owner-

The electric light question also came up. The cabinet was informed that the company had agreed to make all changes in the lights without extra cost. The Board of Works will to-morrow make an inspection of the system and order a number of changes to further improve it. The city has not yet come to any definite terms in regard to the all-night schedule, although it still insists that an all-night service should be furnished by the company under its present ten-year moonlight

The Mayor was instructed to continue his conference with the County Commissioners with reference to the working of city prisoners on the proposed workhouse dyke. The only way the dyke can be built, the city having no money for that purpose, is to have the city prisoners at the workhouse employed on the improvement. Marion County Workhouse is a misnomer. The institution is regarded by the tramps as a place of idleness and luxury. The prisoners are not worked, and during the winter months the tramps make extraordinary efforts to get into the institution. Unless the dyke is built a considerable portion of the ground along the creek will be

ALABAMA-STREET RESOLUTIONS. Final Action Is Taken for Improving

washed away.

That Street. The Board of Public Works yesterday took final action on the resolutions for the improvement of Alabama street, from Maryland street to Fort Wayne avenue. The street is to be improved in three sections. The first section, from Maryland to Ohio street, is to be paved with asphalt. The other sections of the street are to be paved with cedar blocks. The board anticipated a remonstrance against the use of asphalt in the first section, but none was presented. Bids for the work will be received in about twenty days.

The city engineer reported that the remonstrance against the asphalting of West street, from Washington to New York street, was signed by all the resident property owners upon the street. There are only six property owners residing upon the street. No action was taken upon the

The action heretofore taken providing for cementing the sidewalks of Ashland avenue, from Fifteenth to Seventeenth street, was rescinded by the board. The rescission of the action was due to the fact that the resolution had been adopted under the wrong name. It was Ash street that the board intended, and a resolution for cementing the walks on that street was adopted by the board. On the petition of E. B. Martindale the first alley west of Central avenue, from Sixteenth to Seventeenth street, was vacated. This alley extends through the block upon which the Pompeli production is to be given during the fair week, and the entire block is needed for the pro duction. As the scheme is to be made permanent it was deemed advisable to vacate the alley. Vouchers were approved as follows: Street repair gang, \$682.18; sewer gang, \$137.85; bridge gang, \$170.70.

STREET FOREMEN'S WAGES. Works Board Will Ask that They Be

Paid More. The members of the Board of Public Works say they have not expressed themselves as opposed to granting to the foremen of the street repair gang the additional pay they ask. They said yesterday that the foremen petitioned them for an additional \$1 a day, making their pay \$3 instead of \$2 a day. They represented to the board that it was necessary for them to use a buggy in their work for the city, and upon the showing made the board decided to grant them an increase of 75 cents a day. It was afterwards learned that the board could not raise the salaries of the men and they were so informed.

beds, but will recover. Then they petitioned the Council for the increase. The members of the Board of Works say they believe the men are entitled to 75 cents more a day than they re-

districts for the foremen. One has all the territory east of Delaware street and north of Washington, another the territory west of Delaware and north of Washington, while two men divide the South Side with Delaware street as the dividing line, Thus

each man has a considerable territory to look after, and every chuckhole and rough condition of a street must be investigated It is impossible for a man to cover his district unless he has a horse and buggy. Frequently we have to work after 6 o'clock in the evening, and it is not at all unusual to have to work fifteen or sixteen hours day, for which overtime we receive no pay. When it rains we are laid off, and frequentour wages not averaging more than \$10 a

week. The work on the streets is now being done 30 per cert, cheaper than it has been done heretofore." Mr. Smith broke his buggy vesterday while on his rounds, and it cost him \$3.75 to have it repaired. He has to pay this himself. At \$2 a day the foremen find it difficult to earn a living, for they must pay for the maintenance of a rig out of this, The members of the finance committee have referred the request for an increase of wages back to the Board of Works, and it is probable that the Council, on the board's recommendation, will increase the wages of the men, as they deserve more

CONTRACTORS MUST PAY.

East Washington Street Ordered Repaired at Their Expense. Gen. Fred Knefler called on the Mayor yesterday to have the city compel the contractor who built the East Washingtonstreet sewer put the street in good condition. The street was macadamized, and when it was torn up by the contractor the dirt was simply pitched back into the excavation, without any regard as to the condition in which the street was left. The attention of the Board of Public Works has been called to the condition of the street, and it has several times served notice upon the contractors to restore the street to its former condition. The contractors have paid no attention to these notices. The city has not yet paid them for the work, and the Board of Works will order the street repaired by the street commissioner and retain the cost of the work from the money due the contractors.

Rubbish in the Streets. The Board of Public Works will cause the arrest of all persons sweeping rubbish into the streets. President Wildman, of the board, said that at 7 o'clock yesterday morning Pennsylvania street was clean and two hours later it looked as if it had never been swept.

CITY HOSPITAL AFFAIRS.

Assistant Engineer Discharged Yesterday-The Monthly Expenses.

Assistant engineer Elliott at the City Hospital, who has been discharged by Superintendent Wright, claims that he is protected by the civil service regulations, and that the superintendent has no right to discharge him. He says he will employ an attorney to resist his discharge. Yesterday morning, between 7 and 8 o'clock, he left the institution without permission and remained away till noon. Dr. Wright says that Elliott has been a constant disturber, and has made himself disagreeable to every one about the place. He says Elliott claims that he would not object to his own discharge if some other persons about the institution, against whom he has a grudge, were also discharged. Elliott has made charges against the matron, Mrs. McNaughton, who has been in her position for seventeen years, and also against the cook, Mrs. Drapier. When the charges were made they were investigated by Dr. Wright, and he found no grounds for them. The superintendent says Elliott has made himself disagreeable to the internes, patients and nurses. He is of the opinion that the assistant engineer does not come under the civil serv-

Dr. Wright says there has never been my controversy between him and the Board of Health upon the question of the expenses of the 'nstitution. He says the bills for the month of May were all contracted by his predecessor before he took charge. The bills for the month of June will probably be larger than for the same month last year, for the reason that it has been necessary to purchase a larger quantity of drugs than usual. Dr. Wright says that when he took charge he found the stock in the drug room very low, and it has been necessary to purchase a great many staple drugs. Among the drugs \$25 worth of absorbent cotton for the surgical room. Then the gas bill for the month of May will have to paid this month as it was not paid during May for some eason or other. The hospital has also been treating a larger number of patients than usual. When Dr. Wright took charge of the institution there were but seventy two patients there, and during the last week there have not been less than ninety.

CHILDREN IN THE WOODS.

Eighteen of Them at the Fresh-Air Mission Yesterday.

There were eighteen children at the Fresh Air Mission yesterday, and among them two very sick babies. Mrs. H. Bamberger and Mrs. H. Eckhouse were in charge from the Hebrew Ladies' Benevolent Society. There was considerable air stirring at the park, and with the shade from the trees it was comparatively comfortable. The children played and enjoyed their luncheon, and at 5 o'clock returned to the city. When the car which took the fresh air people to the park stopped the car behind it ran into it, and the persons in both cars were pretty well shaken up. No one was hurt, however. The builders of the misson house have again postponed beginning work, and it will be well into Aurust before the house is done. With the temperature of June the building would be of great benefit if it were up now, so that the sick children would not have to be brought into the hot city again for the night. Every one is invited to the mission to see what is being done, and it is hoped that contributions for the work will not be delayed.

Traveling Men's Picnic.

The Traveling Men's Mutual Accident Association of Indiana will hold its annual meeting at Armstrong's Park to-day. After the business session, the affair will dissolve into a general good time with speeches and a further interesting programme. Governor Matthews and Mayor Denny will addresses, and also Francis Murphy. After the speaking, a game of ball will be played between the Fat Men's Club and the Lean Men's Club. A large crowd outside the membership is expected from points in the State, as well as from this

Tipton County's New Jail. The plans for the new jail at Tipton were yesterday approved by the State Board of Charities and work on the new structure will begin at once. The new jail is to cost \$30,000. The old prison was a mean affair of limited dimensions and in his report to the State board some time ago, Secretary Bicknell compared it to the black hole of Calcutta. The County Commissioners were led to defer the improvement for a long time on account of the embezzlement of

Broad Ripple's Convention.

\$40,000 of the county's funds.

The first town convention was held by the citizens of Broad Ripple Thursday night, and resulted in the following nominations: Clerk, James Brady; treasurer, H. M. Hesong; marshal, George Hubbard; trustee first district, N. B. S. Florander; trustee second district, Clarence Kirk; trustee third district, Dr. J. W. Bates. The election will be held on Saturday, July 14. The tickets will bear a miniature motor car, which is to represent the yearning of the suburb for rapid transit.

An Appropriate Selection.

To the Editor of the Indianapolis Journal: I notice by a special telegram from Washington that "Private Dalzell" has invited Senator Voorhees to speak at his annual soldiers' reunion at Caldwell. O .. this fall. As this is an ex-confederate as well as ex-Union soldiers' reunion the invitation to Senator Voorhees is all right. Indianapolis, June 29.

Condition of Injured Postal Clerks. The Vandalia postal clerks recently injured in the Pocahontas, Ill., wreck are all recovering except H. A. Albaugh, who was taken to Covington, O. His condition is critical. Chief Clerk Unversaw and J. B. Hume, of this city, are yet confined to their

lashing in their pearly sheen, From the glorious coraline. See those teeth untarnished. White alike the back and front, Yes, by the fragrant SOZODONT May beauty's mouth be garnished.

WEST WASHINGTON-STREET PROP-ERTY OWNERS BRING SUIT.

Want Works Board Enjoined from Paving That Street-Jury Out in the Cloutier Suit.

Jacob Huber and Antoinette Kirland, property owners on West Washington street, between White river and Belmont avenue, yesterday filed suit in the Circuit Court to enjoin the Board of Public Works from proceeding with the proposed asphalting of that section of the street. On May 11, by resolution, the board decided to asphalt the street. The property owners immediately protested and filed with the board a remonstrance which, according to the report of the city engineer, did not contain the signatures of two-thirds of the resident property owners. The complaints allege that notwithstanding these remonstrances the board has proceeded to advertise for bids for the work. The old question as to what is meant by "resident property owners" is raised, and the plaintiffs contend that it is not to be construed to mean property owners who reside upon the street. The validity of the law is also attacked on the grounds that it makes no provision for remonstrance after the proceedings have gone far enough for the property owners to know what the assessment against them will be; because the assessment is made without reference to the question of benefits and damages. The recent amendment relieving the city from the cost of paying for the improve-ment of street and alley crossings is also attacked and declared to be invalid. The plaintiffs also charge that certain property owners who signed the petition for the improvement of the street were induced to sign the petition by means of promises and financial inducements held out by persons interested in having the improvement made.

LITTLE JUSTICE IN THIS. Attorneys That Fatten Off Sprinkling

Lien Assessments. The court records show a multitude of suits to collect sprinkling assessments and a great many complaints are made that the persons against whom these suits are filed are often unjustly required to pay exorbitant attorney's fees. Mrs. M. M. Whitcomb, a widow, residing at No. 268 West Fifth street, says that when she went to the treasurer's office to pay her taxes she asked for her sprinkling assessment and was told that it was not ready, but notice would be sent her when it was due. She received notice while she was sick in bed. Three days later she received a summons to appear to a suit that had been filed against her. She went to the attorney to compromise and he demanded \$18.95, which included \$10 attorney's fees for him. The amount of the assessment was \$4.55. She refused to pay what he demanded and judgment was rendered against her which, with the entire costs, amounted to \$28.66.

RECEIVER HAWKINS'S SUIT. He Wants the Bank's Mortgage De-

clared a Prior Lien. The suit of Receiver Hawkins, of the defunct Indianapolis National Bank against the Indianapolis Cabinet Company, to have the mortgage to the bank and bonds issued as collateral declared a prior lien upon the property of the company, will probably be filed within about ten days. There are a number of persons and firms, junior credi-tors, that it is necessary to join as parties defendant to the suit and it is this that is delaying the filing of the suit.

WANTED TO RAISE THE AMOUNT. Alphonsus Cloutier's Attorneys Were

Very Confident. The damage suit of Alphonsus Cloutier against the three gas companies, which has been on trial before Judge Bartholomew for two weeks, went to the jury yesterday afternoon. After the trial was begun the attorneys for the plaintiff asked leave to amend the complaint and demand \$50,000 instead of \$25,000. The request was refused by the court. All of the defendant companies submitted interrogatories to the which it will be required to answer, and if the answers are inconsistent with the general verdict this will be taken as a basis for a motion to have the verdict set

He Sues the Constables.

William Sturges has brought suit against William C. Hauesen, Constables Glass and Charles Whitesell and others for one thousand dollars' damages. He alleges that while absent from home the defendants forced an entrance to his house and removed a part of his household furniture.

Wants to Wind Up the Business. Frank Schofield, as guardian of William E. Stuard, the veterinary surgeon who was declared insane on June 5, yesterday filed suit for the appointment of a receiver to wind up the affairs of the firm of Pritchard & Stuard.

RESCEN

Read This. INDIANAPOLIS, June 28, 1894 Crescent Remedy Company: Gentlemen-I paid 50 cents for a bo Crescent Salve. It has done me fifty dollars' worth of I wouldn't do without it if the price were \$5 a box. It is "far and away" the best, most soothing and effective balm I have ever used for catarrhal affection. It is easily applied, cleansing and pleasant. To me it is worth more than its weight

It has done for me what other remedies and a number of physicians failed to do; hence I can and do cheerfully recommend t to anyone suffering with any catarrhal trouble.

This testimonial is entirely unsolicited given in the interest of sunering humanity, and you are at liberty to use it in any manner you choose

Gratefully yours,
HARRY W. OLMSTEAD,
"The News" Office, Indianapolis, Ind. SUMMER RESORTS.
